VOLUNTEER - EXPERIENCE

Girls' in Science and Technology (GIST) - Organiser

- Advocate for gender equality in the tech industry and promote the importance of girls' involvement in science and technology through workshops, seminars, and public awareness campaigns.
- Recruit and coordinate volunteers, mentors, and instructions to assist with program delivery and mentorship.
- Organise special events, during "Girls in Science Day" to inspire and encourage secondary school schools to pursue STEM related careers, featuring inspiring talks, interactive demonstrations, and hands-on activities.
- Plan and execute a 5-day annual program dedicated to secondary school girls, introducing them to various aspects of information and communication technology (ICT) and inspiring them to consider tech careers in celebration of Girls' in ICT Day.

VOLUNTEER - EXPERIENCE

LabXchange Virtual Lab – Teacher Ambassador

- Effectively communicate the benefits of LabXchange to fellow educators, school administrations, and educational stakeholders.

- Promote LabXchange's mission to facilitate global collaboration and knowledge sharing in science education.

- Organise and participate in workshops, webinars, and training sessions to empower educators with the skills and knowledge necessary to effectively implement LaabXchange resources in their teaching practices.

- Collaborate with teachers to integrate LabXchange's diverse range of interactive content, virtual labs, and educational modules into existing curricula, enhancing the quality of science education.

- Provide valuable feedback to LabXchange based on real-world classroom experiences, contributing to the continuous improvement of the platform and ensuring its alignment with the evolving needs of educators.
